USPA NEWS - Russia, Iran & India Wish and Support Rishi Sunak to be UK Prime Minister

It has come to light that President Vladimir Putin of Russia and Indian Prime Minister Narendra Modi and also Iran wish to see Rishi Sunak as the next Prime Minister of the United Kingdom. The foreign intelligence services are working tirelessly overtly and covertly trying to get the Indian origin Rishi Sunak installed as the next prime minister of Britain.

The race between Rishi Sunak and Elizabeth Truss will come to an end on 5th September 2022. This will be the final date when the members of the Conservative Party will decide who should be the next British prime minister, said Shazada Hayat President UICF (UK) and international community welfare campaigner.

The patriotic members of the Conservative Party are being urged to decide as to who is the best and exclusive choice as a true Brit and patriotic person to trust with the national and security interest of Great Britain. I am a British Asian and I believe that with my hand on heart the best person to be the next prime minister of this great nation is most certainly Liz Truss. This great daughter of Britain only has the nation and the British people's best interest at heart. Britain at present is not ready for an Indian or Pakistani origin prime minister, as this would cause disunity and uproar amongst the 1.5 British Indians and equally the same number of British Pakistanis in the UK. Both the Indian and Pakistani communities will resent a British prime minister from the opposite community.

Yet, both the British Indians and British Pakistani community would be more than happy in the interest of unity and harmony in Britain for Liz Truss to become the next prime minister of Great Britain. The division between the Indian and Pakistani community was the creation of the British Raj under the title of Divide and Rule. The animosity will continue unless Britain plays its major role to bring about lasting peace between India and Pakistan, the ancestral homeland of the British Indian and the British Pakistani community, said Shazada Hayat.

The Russian President Vladimir Putin is deeply hoping that the Indian origin Rishi Sunak will become the prime minister of the United Kingdom. If this wish of President Putin came true, then President Putin will ask his old ally Prime Minister Narendra Modi of India to use his influence on then British Prime Minister Rishi Sunak to abandon all support for Ukraine and distance Britain from the United States. Liz Truss will never be influenced by any foreign powers in order to compromise British foreign policy and the national interest of the nation.

Shazada Hayat went on to say, The Indian Prime Minister Narendra Modi has his own interest, ulterior motive and agenda to see an Indian origin Rishi Sunak as prime minister of Britain. This will mean the Indian prime minister can do what he pleases inside India and in SouthEast Asia, relying on the British Prime Minister Rishi Sunak to blindly support him. Also for Rishi Sunak to use Britain's special relations with the United States to get President Joe Biden and American Indian Vice President Kamala Harris to support Prime Minister Narendra Modi's plans.

This would mean Prime Minister Narendra Modi would have Russia, Britain and the United States in his pocket. The Islamic Republic of Iran is also hoping that the next prime minister of the United Kingdom is an Indian origin Rishi Sunak, so that Iran can also ask Prime Minister Narendra Modi to use his influence on the British Prime Minister Rishi Sunak to get Britain and the United States to support Iran and its agenda.

Shazada Hayat went on to say, You don't have to be a rocket scientist or look into a crystal ball to ascertain who is going to be the best choice of being Britain's next prime minister. A patriotic true Brit and member of the Conservative Party would be asked; is that person not Liz Truss who is a true patriotic Brit and who would be the true guardian of Great Britain.

These are the most critical and complex of times for Britain and Britain's national interest and national security. The true patriotic

members of the Conservative Party need to stand united for Britain in this hour of need and vote for the true patriotic daughter of Britain Elizabeth Truss, who will most certainly unite this great nation and put the Great back into Britain, and will continue to show the world why Britain throughout history has ruled on land, sky and at sea. Liz Truss is the second Iron Lady in waiting, said Shazada Hayat.
